

WEDDING PRICE GUIDE

Please note that all designs are bespoke and made to order, so prices may vary due to size, flowers and design.

My aim at If Stalks Could Talk is to use British seasonal flowers and foliage where possible, arranging using sustainable and more eco-friendly materials and mechanisms.

This isn't a definitive list of what I can offer. If you have any other floral design requests, or I think other arrangement types would suit a specific area in your venue, I am more than happy to design that for you.
